Emergency Alarm

With telephone dialer

USPs:

- Built-in telephone dialer
- Panic button
- 3 pre-programmed numbers

General information:

Security system with built-in telephone dialer for emergency situations. When the panic button on the cord is pressed, a recorded message will be sent to a pre-programmed number. If the receiver presses any digit on his or her telephone, the intercom function will activate. Ideal for people living alone who need assistance quickly in emergency situations. Supplied with neck cord with remote controlled panic button.
